- 3.2 Skills Active resource material must be purchased and used for all School and Industry programmes. The cost of the resources is outlined in the appendix of this MoU.
- 3.3 The workplace will be responsible for the delivery and assessment of the workplace component of the programme. A Skills Active Registered Assessor must carry out the assessment of student competency.
- 3.4 Once the Skills Active Registered Assessor has confirmed achievement of standards, the School may use Skills Active's provider code to log student results within the school's internal student management system and to report student results to NZQA. The Skills Active provider code will be sent to the school with a counter-signed copy of this MoU. Skills Active will verify all students results reported with NZQA on a quarterly basis.

4. The School will:

- 4.1 In advance of the commencement of the programme, submit to Skills Active, a completed and signed MoU and 'Student registration' form. These must be received 10 working days in advance of the programme starting.
- 4.2 Accept responsibility at all times for the conduct, welfare and safety of students in programme.
- 4.3 Report achieved standards to NZQA for each student, using the Skills Active provider code.
- 4.4 Take responsibility for checking that the unit standard results have appeared on the student's NZQA Record of Achievement.

5. The Workplace will:

- 5.1 Appropriately induct the students into their health and safety procedures and manage their safety while on site.
- 5.2 Conduct the delivery and assessment of the workplace component of the programme.
- 5.3 Ensure a Skills Active Registered Assessor carries out the assessment of student competency.
- 5.4 Keep records of student work for moderation purposes.

6. Skills Active will:

- 6.1 Return a signed copy of the MoU to the school and will invoice the school for the programme costs per student.
- 6.2 Dispatch resources to the chosen organisation (workplace or school) within 10 working days of the receipt of the MoU
- 6.3 Allow the school to use the Skills Active provider code for the agreed unit standards (as per section 3.4 of this agreement) enabling the achieved unit standard credits to be reported against the students Record of Achievement only with a signed MoU in place.

7. Financial Arrangements

- 7.1 The School will be responsible for all costs associated with the programme, including:
 - a. Training and assessment costs to be negotiated directly with the workplace.
 - b. Fees payable to Skills Active for establishing the MoU. This is a one-off \$50 plus GST fee per MoU. Skills Active will invoice the school on receipt of the MoU.
 - c. Fees payable to Skills Active for the learning and assessment resources. Refer to the Student Registration and Resource Order form for the fees per resource. Skills Active will invoice the school on receipt of the student registration and resource order form.
 - d. NZQA hook on and credit reporting fees.

8. Term and Termination

- 8.1 This MoU will expire on 31 December 2022.
- 8.2 Either party may terminate this MoU if the other party has substantially breached an obligation under this MoU.
- 8.3 Before terminating this Agreement on the grounds of breach, the party wishing to terminate will give the other party written notice of the breach and request that party to remedy the breach within a specified time, which is reasonable in the circumstances.
